## FORT WAYNE PNEUMATIC Novelty and Model Works.

Pneumatic Music Leaf Turner a Specialty.

### The Pneumatic Music Leaf Turner

Will turn an unlimited number of leaves without adjusting every separate leaf to it, as has to be done with the most of other turners, which is very troublesome and takes a lot of time when you haven't the time to spare.

You simply put your folio on the Turner like any ordinary music rack and the Turner will do the rest. Unbound sheet music is bound in the rack by a simple clasp binder and can be turned the same as folios.

The Turner is entitled to its name for it is operated throughout with air. Air not only turns the arm but also grasps the leaves by suction. It has hardwood (3 ply veneered) frame, well finished, with trimmings nickel plated, which makes it very neat and handsome.

**NOTE:**—We guarantee the Turner to do its work satisfactory, and will replace any defect there may be in it free of charge if notice is given within one month.

# DIRECTORY BORROWERS

**W**E RECEIVE many complaints from our patrons to the effect that they are bothered so much by **BORROWERS**. These parties are not the private citizen nor the stranger in the city, who steps in, looks at the Directory and goes out, but merchants, business and professional men, who need a directory every day in the year, yet who are too close-fisted to buy one.

These same individuals are the ones that borrow your Directory "just for a minute," which, in the majority of cases, means a day or perhaps a week, unless you remember that they have it and send for it.

These same borrowers will tell the Directory canvassers that he has "no use for a Directory," that he "knows everybody," and vice versa, "everybody knows him."
